Versatile Mounting configurations

The Unique Bar Slide Shield System
Applied to sports or other locker rooms providing adjustable spacing in real time. Slide shields are removable for cleaning. Slides are made from strong industrial Polycarbonate clear materials, keeping the space "open" while still providing individual barriers.

The slide movement flexibility allows the shield to sway when contacted and be easily moved or removed as required.

Clean Getaway™ Hands-Free Door Openers

Minimize the chance of spreading germs from potentially contaminated door handles.

A Super-Simple Solution to Improve Workplace Hygiene

- Provides a user-friendly means of pulling doors open without having to touch handles or other door surfaces.
- Available in two models—one for foot use at the base of the door and one for forearm use at normal mid-door height.
- Angle designed for safety—effective for pulling, but allows for a quick-slip release to prevent injury.

Engineered for Commercial Use

- Stainless-steel construction for lasting strength and appearance, even in high-traffic applications.
- Versatile—can be placed almost anywhere.
- Easy to install; hardware included.
- Door stickers included.

Door Stickers

Buy once. Buy the original.
Always look for this mark of quality

Suggested Uses

Great for any commercial or industrial workplace environment where personal and facility hygiene are a priority. Install on restroom, breakroom and other commonly used doors to give staff and customers an alternative to using conventional and potentially contact-hazardous door handles.

Standard Specifications

Model	Description	Dimensions (w x d x h)
69811	Forearm Unit	1 ³ / ₄ " x 3" x 2 ⁵ / ₈ "
69811-15	Forearm Unit (15-Pack)	8" x 6" x 5" (Box Size)
69813	Foot Unit	2 ⁵ / ₈ " x 2 ³ / ₄ " x 3"
69813-10G	Foot Unit (10-Pack)	8" x 6" x 5" (Box Size)
69890*	Forearm Unit, Cooler Door Option	1 ³ / ₄ " x 4 ¹ / ₄ " x 2 ⁵ / ₈ "

* Accommodates 'flat-style' handles up to 1¹/₂" wide x 7/₈" thick and 'round-style' handles 1/2"–1¹/₄" diameter.
